INTRODUCTORY

We issue the Directory of Norfolk, Portsmouth and Berkley for 1904, feeling confident that it is one of the best yet published by us, and we trust that our patrons and the public generally will have good cause to agree with us in this respect.

It is not generally known that the Directory contains not only the names of persons living in Norfolk, Portsmouth and Berkley, but also the names of those living at Riverside, East Brambleton, Douglas Park, Bruce Park, Huntersville, Barboursville, Villa Heights, Park Place, Virginia Place, Riverview, Old Dominion Place, Kensington, Lambert's Point, Atlantic City, West Norfolk, Port Norfolk, Pinner's Point, Scottsville, Park View, Prentis Place, South Norfolk and all of the suburbs adjacent to the three cities, embracing an area of fully 40 square miles.

It may be interesting to some to know something of the growth of Norfolk and the Norfolk Directory as follows:

Date.	Population.	Description of Directory.	No. Pages.
1870	19,229	Large type, single-column, no street guide.	84
1880	21,966	Large type, single column, no street guide.	429
1890	34,871	Large type, double-column, with street guide.	616
1900	46,624	Large type, double-column, with street guide.	1176

The 1904 Directory does not contain as many pages as the 1900 book, owing to the fact that smaller type has been used, the length of the pages increased and other changes made which has reduced the number of pages, thus making the book a better size for hard service. However, the number of NAMES contained in the present volume is considerably greater than that of any Directory previously issued.

The present population of Norfolk may be estimated by comparing the U. S. census figures of 1900 and the number of names contained in the 1900 and the 1904 Directories. We find that the 1900 Directory contained about 34,600 names (including Norfolk, Portsmouth, Berkley and suburbs); the population of Norfolk proper was then 46,624; the 1904 Directory contains about 44,100 names, therefore the present population of Norfolk should be about 59,400.

We wish to WARN the public against the ITINERANT, and in many cases FRAUDULENT Directory publishers, who have been operating throughout the country during the past few years, issuing partial and incomplete so-called directories and taking thousands of dollars out of the country. We enclose a circular of great interest to every merchant in Norfolk.

We furnish with each Directory a subscriber's card, which entitles the holder to the privilege of referring to our Directory Library located in the rooms of the Chamber of Commerce, 64 Granby street.

Last, but not least, as it is impossible to publish a directory of Norfolk (except at a loss) from the sale of books alone, we wish to thank the progressive and public-spirited men who have advertised in the Directory. Among these advertisers are the best and most substantial citizens of NORFOLK, and we trust that all of you who have occasion to refer to these pages will give these advertisers a liberal share of your patronage.

AFTER THE *SCHOOL BOOKS* OF THE

B. F. Johnson Publishing Co.

Adopted by the State had been fully tested,
Ex-Governor McSweeney, of South Carolina,
wrote :

“Ignoring the fact that by the introduction of your publications we have saved the people of the State thousands of dollars, the fairness of your Histories, and the justice done our Southern men and women in your Readers, has met with favorable criticism at the hands of educators of our State. In my judgment, no State would make a mistake by adopting your textbooks for use in their schools.”

Speaking of a Large Contract for School
Books secured by the

B. F. Johnson Publishing Co.

The Richmond Times says :

“Merit will tell and enterprise will tell; and the merit of the Johnson books and the enterprise of the concern have won the victory.”

Can Cancer Be Cured?

It Can

WITHOUT the use of the knife we cure Cancers, Tumors, and Chronic Sores, charging nothing for examination. Our patients are our best friends.

Come and see the Cancers we have removed and cured from our now happy patients, and are daily curing. They are wonderful. If then you are not satisfied, we will pay all your expenses.

Streets, Houses and Occupants

—OF THE—

CITY OF NORFOLK FOR 1904

Arranged Alphabetically and Numerically, with Occupant's Name after each House.

NOTE—Blank after numbers signify that such are vacant. Dash (—) before name denotes that the house should have a number between the one preceding and following it. Stars between two intersecting streets show there are no houses between them.

Streets, Houses and Occupants

—OF THE—

CITY OF PORTSMOUTH FOR 1904

Arranged Alphabetically and Numerically, with Occupant's Name after each House.

NOTE—Blank after numbers signify that such are vacant. Dash (—) before name denotes that the house should have a number between the one preceding and following it. Stars between two intersecting streets show there are no houses between them.

The Norfolk Landmark

PUBLISHED EVERY MORNING EXCEPT MONDAY.

The Norfolk Landmark is the Leading Newspaper in
Eastern Virginia.

CIRCULATION.

Its *bona fide* paid circulation increased from October 5th to November 15th, 1903, over two thousand three hundred, and is growing daily in a healthy manner.

IT LEADS THEM ALL.

As an advertising medium it has no equal in the field, and is read daily in thousands of homes in Eastern Virginia and Eastern North Carolina.

High Standard in all Departments.

Its literary standard is high in all of the various departments. It is the most influential journal in the Eastern part of Virginia. It excludes from its columns a great deal of the best-paying advertising in the country because of the questionable character of the business offered.

Its large local business proves how valuable and necessary for their welfare and prosperity the merchants and people generally of Norfolk and vicinity regard its advertising columns.

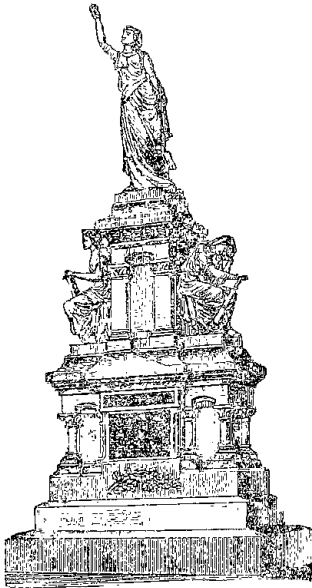

Its Aim is to Give the News,

LOCAL, STATE, NATIONAL and FOREIGN,
in a Clean, Compact and Attractive Form.
